“I have done many radio shows and public appearances and have never worked with someone as organized as Annie Armen. Not only is she a great person, she truly cares about her listeners, produces all programs, and speaks the truth, even if it is not readily accepted by the general public.

Ms. Armen thinks outside the box, and has a heart of gold. Being a guest on her show was an incredible experience and I have made a true friend for life. We need more people like Annie in the world who stand up for what they believe in and spread the TRUTH to the masses.

Annie, thank you for helping my dream become a reality! Everyday the work you do changes the lives of thousands of people. I am truly blessed to have you in my life!” ~ Dr. Edward Group, PhD. – Author of “Health Begins in the Colon: The Ultimate Guide for Cleansing Your Colon, Body, Mind and Home.” Founder, CEO and Clinical Director of Global Healing Center

Topic: THE NEW GOLD STANDARD – Secrets of World-Class Leadership

Guest: Dr. Joseph Michelli

Description: What is the NEW Gold Standard? Guest Expert Dr. Joseph Michelli, best selling author of *“The New Gold Standard: 5 Leadership Principles for Creating a Legendary Customer Experience Courtesy of The Ritz-Carlton Hotel Company”* brings you back to earth when he passionately discusses the importance of service as opposed to servitude. In his words: “Serving one another is a noble art. How sad that in our society, we’ve somehow gotten service confused with servitude. The people who’ve changed my life everyday are the people who keep the boilers going, who comfort me in a coffee shop; they’re much more my heroes”. Never forget that every single day, every moment, you have the personal power to touch and change people’s lives. You will be empowered with Dr. Michelli’s bottom-line message and that is: “As long as you’re serving the needs of others, financial success will follow”.

*“Annie Armen, first let me thank you for the media coverage you extended to me and my last book **The Starbucks Experience**. As a result of your efforts, that book achieved bestseller status on Business Week, USA Today, the Wall Street Journal lists.*

“Annie Armen is all five of these principles:

1. **Make it Your Own, not to imitate someone else’s formula for success.** Annie Armen has made this radio show her own. She’s carved out her niche on the radio.
2. **Everything matters.** Her passion for doing this, her preparation before we came to the show, her willingness to talk to know me and really get to know me ... she didn’t do this cold, everything matters.
3. **Surprise and Delight** – Annie Armen is the same person everyday that people want to listen to. They understand what she has to say, she is consistent, she does not shift from one place to another, and yet she surprises them by bringing in new guests, new ideas.
4. **Embrace Resistance** – Annie Armen has been really open to resistance. The universe has to resist some of the moves that she’s made. And yet she’s listened to what needs to happen in the universe in order to be the voice for the voiceless.
5. **Leave Your Mark** -- Annie Armen has left her mark on the lives of everyone she’s touched and she’s an example of how these five principles apply”. ~**Joseph Michelli, Ph.D., author of “The New Gold Standard: 5 Leadership Principles for Creating a Legendary Customer Experience Courtesy of The Ritz-Carlton Hotel Company”.**
